Conference call...

Unite black, white and Muslim workers against racism and fascism!

ORGANISING AGAINST EDL RACISM AND BNP FASCISM

A conference to discuss building a working-class anti-racist and anti-fascist network

Saturday 27th March 2010, Nottingham

Dear Brothers and Sisters,

We are writing to ask your branch/committee/group to register for, support, advertise and send delegates to an open conference to discuss and organise a united, democratic, working-class network against racism and fascism.

Nottinghamshire Stop the BNP – together with similar local groups in Derbyshire and Yorkshire – believes that urgent action must be taken to coordinate effective opposition to the racist ‘English Defence League’ and the fascist British National Party. The need for such action is all the more pressing given the resurgence of street-level racism and the coming general election.

We need to present and organise working-class answers to the EDL’s and BNP’s lies. No such national network currently exists.

If you have any questions or if you want to register please contact us at nottmstopbnp@yahoo.co.uk.

In Solidarity,

Nottinghamshire Stop the BNP
